## 2014 NATIONAL COMMUNITY HEALTH WORKER ADVOCACY SURVEY

A project of the  
**University of Arizona,**  
**Arizona Prevention Research Center**

The 2014 National Community Health Worker Advocacy Survey (NCHWAS) is the largest on-line survey of Community Health Workers (CHW) conducted to date. NCHWAS represents the voices of approximately 1,767 CHWs from 45 United States and 4 US territories. Data gathered through NCHWAS is intended to be 'open source' and used for CHW workforce development and sustainability.

The NCHWAS aims to describe (1) the state of CHWs as a professional field and (2) the impact of CHW community advocacy on community engagement to address health disparities. Although Community Health Workers or CHWs go by a variety of titles including, *Promotora de Salud*, Community Health Representatives, Community Health Aides, Peer Educators, and Patient Navigators to name just a few, we use the term Community Health Worker or CHWs as the umbrella term to describe the workforce.

CHW workforce data collected by NCHWAS includes; gender, race/ethnicity, education, salary, experience, work environment, training, and health and social areas of focus, professional affiliation and leadership, engagement in Affordable Care Act outreach and enrollment, CHWs advocacy efforts and impact on the social determinants of health and CHWs -led initiatives to sustain and advance the CHW workforce.

The anonymous, on-line survey was distributed to CHWs through local, state, and national CHW professional associations, programs, and allies during the months of February and May of 2014 and was available in English, Spanish and Korean languages. Data reported here are not intended for publication in academic journals.

This report represents preliminary data for **NEBRASKA**.

A total of 41 individuals initiated the on-line survey, of which 41 self-identified as a CHW of whom 41 had not taken the survey in the previous 12 months and were eligible to complete the survey. All reports include data for CHWs who initiated the survey and may or may not have completed the entire survey thus the number of participants fluctuates by question as responses were not required for every question.

This study was supported by Centers for Disease Control and Prevention  
(Grant U48DP001925) and should be cited as:

*National Community Health Worker Advocacy Survey: 2014 Preliminary Data Report for Nebraska.*

## CHW Demographics

### Years Worked as a CHW

	Response
Average Years Worked	03.69
Minimum Years Worked	2 months
Maximum Years Worked	22.00
<b>TOTAL RESPONSE</b>	<b>40</b>

### CHW Age

	Response
Average Age in Years	41
Minimum Age in Years	24
Maximum Age in Years	60
<b>TOTAL RESPONSE</b>	<b>34</b>

### CHW Gender

Answer		Response	%
Male		3	9%
Female		31	91%
<b>TOTAL RESPONSE</b>		<b>34</b>	

### CHW Race and Ethnicity

Answer		Response	%
Asian / Pacific Islander		0	0%
Other (Specify)		1	3%
Black / African American		2	6%
American Indian / Alaska Native		2	6%
Non Hispanic White		8	24%
Hispanic / Latino(a)		22	67%
<b>TOTAL RESPONSE</b>		<b>33</b>	

## CHW Highest Level of Education

Answer	Response	%
Less than High School	0	0%
High School or Equivalent (GED)	4	12%
Some College	5	15%
College Degree	15	44%
Graduate Degree	8	24%
Other (Specify)	2	6%
<b>TOTAL RESPONSE</b>		<b>34</b>

## Number of Hours CHW Worked or Volunteered in a Typical Week

<i>Paid</i>		<i>Volunteer</i>	
Average Hours Worked	38	Average Hours Worked	10
Minimum Hours Worked	10	Minimum Hours Worked	03
Maximum Hours Worked	64	Maximum Hours Worked	25
<b>TOTAL RESPONSE</b>		<b>TOTAL RESPONSE</b>	<b>19</b>

### CHW Individual Annual Income

Answer	Response	%
Less than \$10,000	2	6%
\$10,000 - \$25,000	12	35%
\$25,000 - \$35,000	14	41%
\$35,000 - \$50,000	5	15%
\$50,000 - \$75,000	0	0%
\$75,000 or more	0	0%
Volunteer only (unpaid)	0	0%
Prefer not to answer	1	3%
<b>TOTAL RESPONSE</b>		<b>34</b>

### CHW with Employer-based Health Insurance

Answer	Response	%
Yes	22	65%
No	12	35%
<b>TOTAL RESPONSE</b>		<b>34</b>

## CHW Place of Employment

Answer	Response	%
Health Insurance	0	0%
Urban Indian Health Center	0	0%
Indian Health Service	0	0%
Tribal Health Department	0	0%
University	1	2%
Education Program	1	2%
Clinic (Not FQCHC)	2	5%
Hospital	2	5%
Federally Qualified Community Health Center (FQCHC)	5	12%
Other	8	20%
Community-based Organization	14	34%
Local Health Department	18	44%

*\* CHWs could select more than one place of employment.*

*CHWs often selected a primary place of employment listed above and marked Other to specify Where CHWs Work*

**TOTAL RESPONSE**

**41**

**Where CHWs Work**  
**SUMMARY – City Only**

<b>City</b>	<b>Response</b>
Clay Center	1
Columbus	3
Crete	4
Gering	1
Grand Island	5
Hastings	4
Imperial	1
Kearney	6
Lincoln	7
Norfolk	1
Omaha	4
Wayne	2
York	2
<b>TOTAL RESPONSE</b>	<b>41</b>

### Top Three Health Issues CHWs Work On

<i>Answer</i>	<i>Response</i>	<i>%</i>
HIV / AIDS	0	0%
Environmental Health	0	0%
Injury Control	0	0%
Asthma	1	3%
Sexual or Reproductive Health	1	3%
Dental Health	1	3%
Tuberculosis - TB	1	3%
Adolescent Health	1	3%
Occupational Health	2	5%
Elder Health	3	8%
Alcohol / Substance / Tobacco Use	4	10%
Maternal and Child Health	5	13%
Behavioral Health / Mental Health	6	15%
Chronic Disease Prevention	7	18%
Cancer (Screening and Treatment)	10	26%
Cardio Vascular Disease - CVD (Screening and Management)	11	28%
Prevention (Nutrition and/or Physical Activity)	14	36%
Accessing Health Services	20	51%
Diabetes (Screening and Self-management)	23	59%
<b>TOTAL RESPONSE</b>	<b>39</b>	

### Primary Race or Ethnicity of Population Served by CHWs

<i>Answer</i>	<i>Response</i>	<i>%</i>
Other (Specify)	3	8%
American Indian / Alaska Native	4	10%
Asian / Pacific Islander	5	13%
Black / African American	12	30%
Non-Hispanic White	16	40%
Hispanic / Latino(a)	35	88%
<b>TOTAL RESPONSE</b>	<b>40</b>	

## CHW Professional Development

### Level of Agreement with the *American Public Health Association* definition of a Community Health Worker

A Community Health Worker (CHW) is a frontline public health worker who is a trusted member of and/or has an unusually close understanding of the community served. This trusting relationship enables the CHW to serve as a liaison/link/intermediary between health/social services and the community to facilitate access to services and improve the quality and cultural competence of service delivery.

A CHW also builds individual and community capacity by increasing health knowledge and self-sufficiency through a range of activities such as outreach, community education, informal counseling, social support and advocacy text.

Question	Strongly Disagree	Disagree	Agree	Strongly Agree	Total Responses
Level of agreement	0 (0%)	1 (3%)	19 (56%)	14 (41%)	34

### CHW Perceptions on Opportunities for Better Pay in Current Place of Employment

Answer	Response	%
Yes	2	6%
No	12	35%
I don't know	20	59%
<b>TOTAL RESPONSE</b>	<b>34</b>	

### Desired Aspects of a Community Health Worker Professional Association or Group

<i>Answer</i>	<i>Response</i>	<i>%</i>
Getting peer support from others.	21	62%
Opportunities to work with other CHWs on issues that are important to the CHW profession.	24	71%
Opportunities to gain leadership skills.	25	74%
Opportunities to share information or learn about community events.	25	74%
Opportunities to network with other CHWs.	26	76%
Opportunities to work with other CHWs on issues that are important to my community.	28	82%
Training or seminars.	31	91%
<b>TOTAL RESPONSE</b>		<b>34</b>

### A CHW Member Of A CHW Professional Association or Group

<i>Answer</i>	<i>Response</i>	<i>%</i>
Yes	13	38%
No	21	62%
<b>TOTAL RESPONSE</b>		<b>34</b>
